The Pretzel Bender

WEARING a chef's hat and a "boy, does that taste good" expression, three-year-old Michael Gettinger of 90 Forest Grove Drive, Daly City, wears a bandage over his wrist, which he claimed he sprained bending the pretzels he's surrounded by. Like the one-armed paper hanger, fashioning pretzels with one hand is a neat trick, he insisted. However, investigation revealed the whole business was just a gag and all part of the shenanigans associated with last week's observance of National Pretzel Week.

FREEWAY FUND PIE

N. County Gets a Big Slice

The North County received a generous slice of the freeway fund pie dished out by the California High Commission last week.

Included in the North County's share were:

Completion of financing on 3.3 miles of the Junipero Serra Freeway with major interchanges at Westborough Boulevard, at the future Hickey Boulevard extension at Collins Avenue and at the future freeway link to the Coast Highway.

Funds for the rough grading of the freeway link.

Funds for the reconstruction and resurfacing of Route 84 between the Coast Highway and 2.5 miles east of San Gregorio.

The North County funds are part of $26-million allocated to San Mateo County for freeway work.

The 3.3 miles of Junipero Serra Freeway in the North County will extend from Eastmoor Avenue in Daly City to a mile south of Arroyo Drive in South San Francisco.

The eight-lane highway will cost an estimated $8,625,000. The interchanges at Westborough, Hickey and the Coast Freeway link will bring the total to $10,425,000, of which $1.8-million was budgeted last year.

Rough grading will begin early next year for the four-lane freeway link between Junipero Serra and the Coast Highway.

A 73-acre regional shopping center is planned in Serramonte at the freeway intersections of Junipero Serra Freeway and the Coast Highway link.

The Highway Commission also allocated funds for these other San Mateo County road projects:

The widening of Bayshore Freeway to eight lanes for 4.8 miles between Nineteenth Avenue in San Mateo and Broadway Avenue in Burlingame.

Rough grading of a new freeway between Millbrae and Hillsborough.

Work on 2.2 miles of Serra Freeway in San Bruno and Millbrae.

Purchase of rights-of-way on the Junipero Serra route.

An eight-lane bridge on Junipero Serra Freeway across San Mateo Creek. The estimated cost of the bridge is $7,285,000, of which $2.5-million was budgeted last year.

The budget for state highway construction purposes amounted to $612.4 million. This figure, $34-million more than last year's budget, includes $431.7 for major construction and improvement of highways.

ALTERNATE ROUTE

JESD Will Grant Right For Hauling

By MARILYN BRANNAN

A philosophy of mutual consideration may solve the problem of what to do about those heavy trucks scheduled to begin hauling dirt down St. Francis Boulevard sometime after January 1.

Trustees of the Jefferson Elementary School District Monday night learned that Supt. Richard L. Foster had been told by Daly City Mgr. Edward Frank that the city council intended to ask the State Highway Division to return to its original plan to drive the trucks through the former Christian Ranch property near Chinese Cemetery.

In turn, Foster recommended that the board ask the district attorney to draw up a right-of-entry agreement the Highway Division has requested.

To prepare a route through the former Christen land, the division would have to traverse a small portion of a new school site the district owns.

The division has asked for a right-of-entry over this site.

Trustee George G. Perry moved that the board authorize the district attorney to grant

John Schulte Loses Fight For His Life

John Schulte of 22 Crestline Avenue, Daly City, lost a valiant fight for his life last week.

The victim of an hereditary disease known as "polycystic kidney," he died at home Friday morning. He was 28.

His plea for a donor of a healthy kidney, carried in a Post-Times article in August, was answered by eight volunteers. None, however, had a kidney suitable for transplant.

The eight volunteer donors were ruled out because of such factors as wrong blood type and size of arteries and veins.

Doctors at the University of California Medical center turned to newly developed medicines to halt the spread of the disease but Schulte failed to respond to them.

A native-born San Franciscan and a Daly City resident for the past four years, he was a service representative for Pacific Gas and Electric Company in South San Francisco until the

Health Unit Set to Open December 10

Center in D. C. Is First in N. County

The long-awaited North County Mental Health Center will open its doors in the Westlake Shopping Center in Daly City December 10.

Dr. Howard Gerveitz, who will direct the center, disclosed the date during a short talk Monday night at a meeting of the South San Francisco City Council.

He appeared before the council to introduce himself and members of the center staff who will be assigned to South San Francisco.

Gerveitz said the center, which will cost $275,000 completely equipped, will be the first in the North County operating under the concept of regional care for the emotionally disturbed.

The center will operate as an out-patient clinic for a North County population of 140,000.

It will have 15 staff members

Petitions In Recall Completed

Petitions asking for the recall of the Laguna Salada Board of Trustees have been completed by an attorney and will be submitted this week to James R. Tormey, county superintendent of schools, a spokesman for a Pacifica citizens' group announced.

Eugene Cowhig, chairman of the HELP Committee (Help Eliminate Lax Planning), said that either he or another member of the committee would present the petitions to Tormey for examination.

"I expect we then will be given the go-ahead to begin circulation of the petitions," Cowhig said.

He said the group's attorney, James Foley, has prepared five identical recall petitions, which are being studied by committee members who want to make

Hearing on D.C. Zone Law Monday

Daly City residents will have a chance to be heard Monday night on a new basic zoning ordinance proposed for the city.

The city council will hold a public hearing of the ordinance at 8 p.m., in the City Hall council chambers.

The zoning ordinance, which is designed to give the city more control over building in Daly City, had been approved by the planning commission in September after four months of study sessions.

Most of the study sessions drew poor attendance from the public. Major developers in the area, however, attended practically all of them.

Mayor Micheal DeBernardi said further hearings would be held if all the views of the public haven't been voiced.

The council is anxious to hear the public's view of the ordinance, he said.

Among the completely new sections of the updated ordinance are planned community districts and high rise apartments.

Stricter laws are also planned for parking, lot density, and lot coverage.

The council also will make a final decision on a controversial rezoning request for the corner of MacDonald Avenue and Schwerin Street.

Vincent Leonetti of Daly City has asked for a change from residential to commercial to permit Sun Valley Dairy to build a dairy outlet.

Several people in the area have objected to the store because of its location adjacent to a fire station and the residential character of the neighborhood.

Coaches to Take Pay Bid to Court

By LOUANNE HEATH

Jefferson Union High School District coaches will meet tomorrow to prepare a legal petition, asking for extra pay for after school coaching activities.

The coaches will consult with their attorney to map strategy for a court fight, seeking to force the district to institute a new work and salary schedule.

They have continued to perform their assignments since the district board of trustees voted last week to reject a proposal for extra pay, submitted by Supt. Edward D. Morgan.

Friday morning, the coaches notified the administration they would continue to coach, under protest, until a court ruling on their case could be obained.

In a letter explaining the coaches' position, Joseph McGrath, newly elected president of the Jefferson District Coaches' Association, said:

"We are not satisfied with the answer of the board of trustees to our request for compensation for extra time and have decided to take the advice of Supt. Morgan and Board President Elio Fontana and have the courts decide on the equity of our case. Until that time we want you to know we are carrying on our duties under protest."

McGrath has indicated the coaches will request the court to make a decision on the question of extra pay and will ask that any ruling for additional compensation be retroactive.

Morgan reported that activities continued normally within the physical education departments throughout last week.

After the vote by board members last week, Morgan sent a letter to all schools, asking coaches not to do anything that might force the board of trus-

S.S.F. Okays New Names For Streets

The name's the same was the name of the game played by the South San Francisco City Council Monday night.

The city council changed the names of five streets in the Westborough subdivision of the city because they would be confused with streets in other parts of the city.

The annexation of Westborough to South San Francisco was completed only a few months ago.

The name changes, most of them on unoccupied streets, are: Carey Lane to Waterford Lane, Clare Court to Fermey Court, Dublin Court to Mayo Court, Granar Street to Ulster Street and Sherwood Street to Albright Street.

The name game almost became a guessing game later in the meeting when the council approved an application for a use permit filed by Lucky Stores Incorporated for an off-sale liquor outlet at Westborough Boulevard and Oakmont Drive.

Oakmont Drive is another street that may have its name changed because the name is identical to streets in neighboring Daly City and San Bruno.

A Westborough resident complained that the location specified in the liquor license is in an undeveloped area designated for residential development.

Police Chief John Fabbri said the license was one of 20 awarded recently by the Department of Alcoholic Beverage Control.

Any applicant for a liquor license has to give an address, he said, even if it is temporary. Lucky Stores has two years in which to build the outlet and use the license.

Fabbri said the store address, is in a planned neighborhood shopping center location, but if the council changes the zoning of the area, the license address would probably be transferred to another store.

The City Council authorized execution of a contract with the county for the extension of Chestnut Avenue between Junipero Serra Freeway and El Camino Real.

The city is paying half the cost of a $15,000 study of the major cross-county road.

Karp Plan Is Delayed In Pacifica

A series of mostly routine matters, including applications to construct homes on substandard lots, applications for setback variances and approval of apartment plans, occupied almost four hours of Pacifica planning commissioners' time Monday night.

An application for a use permit and approval of a tentative map for the first unit of controversial Karp Properties apartment house project of some 400 units was held over until December 7 to check legal technicalities.

Although the first 240 unit of the project, at Skyline and Hickey Boulevards, previously were approved by the commission, councilmen referred the proposal back to planners after nearby residents claimed a master plan showed the area as zoned for single-family residences.

Court Fight Is Planned

(Continued From Page 1)

tees to take action that might result in a loss of some of their individual privileges with the district.

"I pointed out that this is a nation of law and order," Morgan said, "and when a decision is made which is unpopular with a segment, for one reason or another, there are legal steps which can be taken."

Landscape Fund Issue In Sign Bid

Concern over the possible loss of state funds for freeway landscaping held up use permits for two signs in Daly City last week.

The Daily City Planning Commission asked City Engineer William Chapman to carefully review the size and location proposed at 2350 Junipero Serra Boulevard and 6100 Mission Street to make sure they would not be able to be seen from the Junipero Serra Freeway, now under construction.

Chapman cautioned the commissioners that "indiscriminate approval" of signs could endanger the city's chances of obtaining state funds for landscaping once the freeway is completed.

Aetna Realty Company wants to erect a three and a half by seven foot pole sign and a 15 by four foot wall sign at 2350 Junipero Serra and Williams Ford wants neon illumination of an existing sign at 610 Mission Street.

A variance permitting seven and a half foot setbacks on four 39-unit buildings in Sylvan Park was granted to Security Builders Incorporated of 135 School Street.

Theodore V. Tronoff of 345 Park Plaza Drive, engineer for the project, presented a revised plan showing more open area and more on-street parking would be possible if four curb cuts on Lisbon and Sylvan Streets were permitted.

Approval of a tentative map had been held up at the council level at the request of Security Builders until the Planning Commission had studied the revised plan.

Chapman questioned whether the applicant, by increasing one minimum requirement of the zoning ordinance (open space), should be allowed to encroach on another requirement (reduction of front setback).

Mr. and Mrs. Joseph Schultz of 548 Atlanta Street said a parking problem existed in the area.

They questioned the number of children that would live in the apartments because of the possibility of overcrowding nearby schools.

The commission approved the variance with the stipulation that the sum of the setbacks on both Lisbon and Sylvan for each building be no greater than 15 feet.

Permission to construct a church in a commercial zone at 1471 Southgate Avenue was approved after the architect for the Wesley Methodist Church assured the commission that anticipated parking problems would be taken care of.

Robert Batchelor of San Francisco said that consideration has been given to parking on the one acre site and a two-level garage is planned.

He said that plans have been completed only for an education wing at this time. The main church will be built within ten years.

A use permit was granted to Arvo Wiren of 1222 Brunswick Street for sales, engraving and installation of monument markers at 6074 Mission Street with the stipulation that sandblasting and engraving be limited to 100 square feet of floor area with adequate provision for sound suppression and dust preventatives.

Station Zone Application To Be Aired

A request to rezone property on the west side of Station Avenue between School and Vale Streets from single family to apartments will be discussed again by the Daly City Planning Commission Tuesday at 8 p.m. n city hall.

The item is the only rezoning request on the commission's agenda.

The request, made by Harry Curusis, 6767 Mission Street, has been on the agenda and discussed several times. It almost received a recommendation of denial at the commission's last meeting but was held over at the last minute.

Among other matters to be discussed are these requests:

A use permit filed by Nita Beckett of San Francisco for a launderette at 26 Hillcrest Drive.

A use permit filed by Mrs. Maria Luna of 903 Hanover Street to allow continuation of a non-conforming use, a beauty shop, at 901 Hanover Street.

A use permit filed by Jan T. Tsuji, 308 North Parkview Avenue, for a dwelling group at 308 North Parkview.

A use permit filed by Hector P. Montes for an accessory structure to be used as a swimming pool cover at 15 Palmdale Avenue.

A variance to permit erection of a six-foot fence at 388 Acacia Street.

D.C. AND SCHOOLS

Bayshore Alarm Tie-in Proposed

A direct tie-in between fire alarm systems in Bayshore School District buildings and the Daly City Fire Department is under consideration by trustees of the district.

At the last meeting of the board, Daly City Fire Department officials proposed the tie-in and other measures that could be put into effect over a two to three-year period.

Other Daly City schools are now tied in with the department's alarm system.

Bayshore Schools came under the protection of the department last year when the city annexed Bayshore City.

Battalion Chief Frank Specht and Capt. Vern Brooks represented the fire department at the meeting.

In other business, the board:

Reaffirmed its opposition to unification proposals that would create two unified school districts out of the present Jefferson Union High School District.

Awarded bids to the Star Sheet Metal Company of San Francisco for new auditorium furnaces at Bayshore School ($1,850) and to the Continental Venetian Blind Company of San Francisco for classroom blinds at Robertson School ($807).

Approved the hiring of Mrs. Barbara Gregory of South San Francisco to a new position of clerk-secretary at Robertson.

Heard Supt. Natalie Lipman describe current language programs in the district. Three classes in French and seven in Spanish are being taught this semester.

Petitions In Recall Completed

(Continued From Page 1)

sure all the group's grievances are included.

"These grievances involve transportation, planning and school curriculum," he added.

The HELP Committee is a group of parents in the Fassler Avenue-Upper Crespi Drive area who have reacted strongly against a decision by the school board to bus their children from Ortega School to Linda Mar School.

The vice chairman of the Laguna board, Robert T. Hale, said this week the board has yet to receive any official notification of the petitions and that the trustees have yet to discuss the HELP move.

"I've been a member of the board for 15 years and times have not always been rosy, but we have never come across a situation such as this," Hale says.

He added that he personally feels the whole affair is based on lies and is pure propaganda.

"All the things the agitators say we haven't done, we have done and it's all a matter of record," he emphasized.

Hale said if the petitions result in a recall election, there will be campaigning as to who actually has been telling the truth. He added:

"However, I doubt that there are that many people in Pacifica who think that I lie. All my elections were won handily and my supporters know I am not a liar."

The trustee said that during a joint meeting between the board and HELP in early October the situation was almost resolved.

"Then they came out with a propaganda sheet before we even had time to reach a definite decision. It kind of went against the board's sense of fair play," he stated. And he added:

"I'm sure the other board members feel as I do. You can only lean over backwards for someone so far. And when you get kicked in the teeth, you're bound to stand up again pretty quickly."

Health Unit Set to Open

and once established, will provide extensive counseling services.

Dr. Gervietz said local services must be geared to meet community needs and close cooperation between the cities and the mental health center will be necessary.

The money allocated by the county for the center is part of a record mental health budget of over $2 million approved earlier this year by supervisors.

Most of the money for health and welfare services comes from the state and federal government.

Mock Air Crash Halted by Rain

A mock airplane crash in Pacifica's Eureka Square was thwarted by rain last week.

Instead, participants in the mock disaster used a room in the city hall, where several volunteers acted as injured persons and were treated by doctors for imaginary cuts and bruises.

Motel Tax For County Suggested

Bud Carpenter, executive director of the League of California Cities, told the San Mateo County Council of Mayors last week to look to the future revenue needs of the county's cities in considering a 4 per cent motel-hotel tax for San Mateo County.

Carpenter said there will be a wide gap between anticipated revenues and requirements of the cities and suggested that a hotel-motel tax be one of the sources of revenue to fill that gap.

He pointed out that Gov. Edmund Brown has been "strongly considering" imposing a hotel-motel tax as a major source of state revenue.

Carpenter said now would be the proper time for San Mateo County to act.

Ken Norris, director of the Government Research Council, pointed out in a report requested by the mayor's council, that the suggested tax would have "rough sledding" among motel and hotel owners.

"We sent out 59 questionnaires and received 59 replies from the hotel-motel owners," he said. "Fifty-eight of them were utterly opposed."

mate of yards gained by the San Francisco 49ers.

Robert McLain, 519 Commercial Avenue, South San Francisco, came close with 13 winners. Other North County residents who came close with 12 winners were Grant Cvitanich, 90 Baldwin Avenue, Daly City; J. J. Walterbeek, 1420 Perez Drive, Pacifica; Sarina Ratto, 25 Dorchester Drive, Daly City; and Ted Hunter Jr., 110 Edison Street, South San Francisco.

Since there was no cash winner, this week's prize goes up to $400, plus $50 bonus for being a home-delivered subscriber to The Times.

Coast Okays Underground Disaster HQ

A clear track signal was given to establishment of an underground disaster headquarters on the site of the Nike base by Pacifica city councilmen last week when they authorized a lease for a World War II artillery bunker for a five-year period.

In approving execution of the lease at no cost to the city, the council, however, made it clear that the city has approved no definite plans to improve the bunker.

The lease will be with the Department of Defense. Under its terms, the city must maintain the ammunition magazine on Milagra Ridge.

The council agreed to appear before the next meeting of the state highway commission to press for needed highway improvements within the city and in surrounding areas.

The council will ask for rapid construction of two cross-country freeways — Route 229 from Junipero Serra to Skyline Freeway from the present terminus of Hickey Boulevard in South San Francisco, and Route 186 from San Bruno to Rockaway Beach.

Other projects that should be pushed, the council agreed, are completion of the Edgemar Freeway to southern city limits and freeway landscaping.

In other actions, the council:

Agreed to proceed with street lighting in Vallemar.

Received a request from Patrick Haggerty that Calera Creek Park in the Vallemar area be improved and a request from the Manor Village Improvement Association that a stairwell be constructed down a 40 to 50-foot high cliff to the beach in the Manor Village area.

Both requests were referred to the park, beach and recreation commission.

Agreed to set up a series of meetings with department heads to set up training policies for city employes.

kidney disease became acute and confined him to his home.

Prior to his South San Francisco assignment, he was a meter reader in Daly City for seven years.

Schulte is survived by his wife, Carol, and two sisters, Bernardine Schulte and Mary Jacob.

Services were held Monday at the Gantner-Felder-Kenny Chapel in San Francisco. A requiem high mass was celebrated at St. Agnes Church and interment was in Holy Cross Cemetery.

CHECKS STOLEN

Walter Sattel of 2750 Junipero Serra Boulevard, Daly City, reported to police last week that four checks totaling $70 had been stolen from a rear storage area.

Board to Grant Hauling Right

(Continued From Page 1)

this right after assurances are received from the state that its original route plan is going to be used. The motion was unanimously adopted.

For the past two weeks, worried parents of Christopher Columbus School students have asked the board to press for an alternate dirt-hauling route.

Daly City has approved a contract with the state, allowing dirt from freeway construction to be transported by truck over St. Francis between Clarinda Avenue and Skyline Drive.

Last week, John Harrison, 796 St. Francis, presented the board with a petition asking the district's support in persuading Daly City to reroute the trucks over a route through uninhabited land east of St. Francis Boulevard.

He said this alternate route had been the state's first choice.

In other action Monday night, the board adopted two resolutions concerning the purchase of tax-sheltered annuities for teachers in the district.

One authorized the purchase of the annuities with the State Retirement Fund and the other with Northwestern Mutual Life Insurance Company.

The subject purchase had been discussed for some time.

The board also decided to adopt a similar resolution for purchasing tax-sheltered annuities through Northwestern for classified personnel as well as teachers.

Among other action, the board:

Changed its meeting date to the first and third Mondays, effective in January.

Accepted a gift of a glass-enclosed bulletin board from the Garden Village P-TA. It will be placed in the school's multi-use room.

HOLDING BAGS stuffed with the treats and sweets of Hallowe'en night are costumed Richard Cardera, left and Thomas H. Kennon. The two were among several hundred Hallowe'en celebrants who showed up Saturday night at a costume parade and party in the St. Francis Square Shopping Center. Merchants treated party-goers to 30 gallons of soft drinks and assorted goodies.

THESE TWO youngsters struck a handsome (??) pose for party-goers at the Hallowe'en party sponsored by St. Francis Square Shopping Center merchants and the St. Francis Heights Dance and Music Studio. The youngsters are Tracy O'Neil and Timmie O'Neil. Merchants awarded prizes to both youngsters and adults wearing costumes.

1,000 Attend St. Francis Festivities

An enthusiastic Hallowe'en crowd of 1,000 youngsters and parents turned out Saturday night for a costume parade and party sponsored jointly by the St. Francis Square Shopping Center merchants and the St. Francis Heights Dance and Music Studio.

Merchants estimated they doled out 50 gallons of cold drinks, 10 crates of apples, 100 pounds of candy, a thousand freshly-baked doughnuts and other goodies to hungry participants.

A Daly City Fire Department truck, driven by Battalion Chief Frank Specht, led the parade of costumed party-goers from Lincoln Avenue and Lakeshire Drive to the shopping center.

Coordinator of the parade and party was Mrs. Gertrude Scanlon of 405 Lakeshire, director of the dance studio.

Five school P-TA groups threw support behind the program.

Activities included apple-dunking, pie-eating and doughnut-off-a-string contests. Prizes were awarded for the best costumes.

Winners in the 1 to 5 year old division were: Tammy Harvey, Sheila De Lee, Joyce Steinberg, Bryan Campondonico, Caryn Ungaretti, Bridget Keegan, Tami Ellington, William Seid and Donald Simonini.

MAIL BOXES RIFLED

Robert Frenna of 172 Bruno Avenue, Daly City, reported to police last week that a number of mail boxes in the apartment building in which he lives had been rifled during the past six weeks.

Coast Safety Group Names Mrs. Jaeger

Pacifica's Public Safety Committee, in joint meeting with the City Council, elected Mrs. Virginia Jaeger of 396 Mina Lane as committee chairman.

Mrs. Jaeger replaces Robert Bulloch of 859 Montezuma Drive who resigned because of a change in his working hours.

George McMahon of 171 Bonita Avenue assumes the post of vice chairman.

City Councilman Harold Minshew proposed that the status of the committee to be changed to commission.

The council took the proposal under advisement. The committee was to meet with the city attorney to draw up the by-laws and policies necessary for a commission, Mrs. Jaeger said.

A subcommittee was established under the chairmanship of Edee Bly of 268 Olympian Way to work with the Laguna Salada School District to honor students who participate in the school safety patrols.

Mrs. Jaeger said free movies and beach parties or other parties were suggested as ways to thank the patrolmen.

"We also instructed the subcommittee to devise methods to make safety patrol jobs more attractive to students in the upper grades," she added.

Also in attendance at the meeting was Fred Lucas, superintendent of the school district.

He mentioned concern voiced by parents whose children attend Ortega school and must walk down Lerida Way en route to school.

Lerida is now the scene of considerable construction and building materials often block the children's path, Lucas said.

The committee advised Lucas to warn the children and work out the problem with the parents because the city as yet has no authority over the street.

Lerida Way has been dedicated for street purposes but is not an official city street at present.

The committee also voted to recommend "yield" signs on the east and west corners of Heathcliff Drive at Inverness Drive.

Mrs. Jaeger explained that this area has become one of the more difficult intersections in Pacifica ever since Inverness was opened to connect Hickey and Manor Boulevards.

Halloween Nearly Quiet In Daly City

With the exception of a fire "bomb" thrown in the hallway of a Park Plaza Drive apartment building, Daly City recorded a relatively quiet Hallowe'en Saturday night.

Only minor incidents were reported, police said.

The fire "bomb," a container of flammable liquid, was reported by Willard Ralths of 355 Park Plaza who said the instrument landed in front of his apartment front door.

Daly City firefighters said the only damage was a scorched hall rug.

Among the incidents reported were a brick thrown through a window of a house on Maddux Drive, plants uprooted at a residence on West Park Drive, an egg thrown through a window of a house on Crestwood Drive and some paint sprayed on four homes on Santa Ana Avenue and Hillcrest Drive.

TOOLS STOLEN

The Cardinal Construction Company of Santa Clara reported to Daly City police last week that thieves had stolen a quantity of tools from a construction shed on Sullivan Avenue near Eastmoor Avenue.

Now It's Guadalupe

Renaming of Market Street Extension to Guadalupe Canyon Parkway has been approved by the County Board of Supervisors. The road runs from the end of Market Street in Daly City across the San Bruno Mountains.

It ultimately will be extended to Bayshore Boulevard.

The supervisors also approved the renaming of White Street Extension, connecting Broadmoor with the Westlake Shopping Center, to Park Plaza Drive.

Park Plaza had connected with the north end of White Street Extension.

Sewage Unit Boosts Rate

A new schedule of sewer connection rates for apartment building developers will be put into effect November 1 by the North San Mateo County Sanitation District.

The new schedule calls for a $50 connection charge per apartment unit and an $8 inspection and permit fee for each main hookup.

Under the present schedule, the developer pays only the $8 charge.

The new schedule was adopted, according to district officials, to assess apartment builders on a more equitable basis for the cost of sanitation facilities.

In other district business, Engineer-Manager Robert Bernicchi has reported that with the operation of the districts' new ocean outfall line, the amount of chlorine necessary to treat sewage is being steadily reduced.

Supervisors Okay Delay At Westboro

The San Mateo County Board of Supervisors, at the request of the North San Mateo County Sanitation District, has postponed action on a district request to shed the Westborough subdivision from its boundaries.

District directors asked for the delay until the Westborough Homeowners' Association, the Westborough Water District and the City of South San Francisco resolved any problems they might have.

The homeowners' association and members of the water district have exchanged heated words in the past few weeks over a charge that the water district is being "used" by the developer of the subdivision, the Ceasar-Callan firm.

The chairman of the board of directors of the district, Francis Pacelli, said directors wanted to give the involved parties as much time as possible to resolve their differences.

Pacelli said the district would continue to service Westborough's sewage on a contract basis.

In related action, the sanitation district instructed Engineer-Manager Robert Bernicchi to investigate the possibility of enlarging a main sewage line through the Serramonte development to handle the bulk of Westborough's sewage by gravity flow.

At the present time, the sewage is piped by high speed pumps under Skyline Boulevard to the district's plant on Lake Merced Boulevard.

Eliminating maintenance and repair costs of the high speed pumps would result in a big savings, Pacelli said.

COINS STOLEN

Marie Darding of 6155 Mission Street, Daly City, reported to police last week that a burglar had stolen a can containing $50 in coins.

By LE PACINI

RUSS CAMILLERI, Pacifica's six-time national amateur wrestling champ and two-time Olympic participant, was on the Olympic black list this year, and all because he won two of his six matches the wrong way.

Saddletown's boss (Russ operates the popular Pacifica horse hostelry) couldn't pin two of his opponents, thus missing the semi-finals in Greco-Roman style (he prefers free-style) because of the peculiarities of international wrestling rules.

In international rules, scoring is negatively oriented; there are four "black marks" to a match. If a man wins only on a decision, rather than a pin, he receives one black mark; if he draws, he has two. Only the pin prevents him from acquiring a black mark.

Camilleri won four matches, but only two on pins. He lost two decisions, and so was eliminated.

★ ★ ★

UNDER THIS system, six black marks and you're out. It's possible, therefore (and it's happened!), for a wrestler to win six straight decisions and be eliminated.

★ ★ ★

International scoring is a great handicap to the American amateur, because he's trained to regard an artful decision as important as a brutish pin.

Europeans, accustomed to these rules, fatten up on weak opponents with pins, even though a highly skilled Camilleri-type could make the same pinned opponent look even more inept with a clever decision.

American boxers, incidentally, are similarly handicapped under Olympic rules, which allow no bobbing and weaving. A man who isn't a straight-up boxer stands a good chance of being disqualified, if, for a moment, he forgets himself and lowers his head slightly.

Many of our boxers, of course, are of the Dempsey-Marciano school of the bob-weave, and boxing straight-up, as a consequence, greatly hampers their natural efficiency.

★ ★ ★

ANOTHER factor which may have hurt American Olympic wrestling chances, feels Russ, was that his mentor, San Francisco Olympic Club Coach Bill Smith, also a Pacifican, was, for some strange reason, not invited to coach the Olympic squad by the powerful political group, the Olympic Rules Committee.

Wrestling was the only sport this Olympic year in which a coach who qualified the most participants wasn't invited to the Games. Smith placed five of his O.C.'ers on the Olympics squad—a fantastic achievement when one considers that no other club or college i nthe world placed more than one member on the team.

In his four years with the O.C., Smith has won four national AAU Greco-Roman titles and three Free-Style titles. Ironically, his second place in the Free-Style this year was brought about because New York A.C.'s Jim Raschki—a former Smith O.C.'er won. It's unusual when Smith's O.C. squad places less than six or eight men on the national wrestling finals. In the past four years, in fact, the only Americans who have placed in world competition have been from the Olympic Club.

And, adds Camilleri, "With Bill in my corner, I've only lost—not counting the Olympic matches—three matches in the past four years.

"Bill's the best coach in the country, one of the best in the world. He should be our permanent national wrestling coach.

"We're one of the few countries who don't have a national wrestling coach. We continually jump from one man to the other, making a political prize out of the position.

"With a dedicated man like Smith at the helm, we might never lose."

★ ★ ★

CAMILLERI owes the fact that he's still wrestling to Smith.

Russ was a successful wrestler at San Jose State, where he also boxed and played football, but when he joined the Air Force in 1958, he, admittedly, "let myself go." His weight shot up to over 200 pounds (his best weight is 171-172), and he lost the old desire.

He met Smith while stationed in Lincoln, Nebraska, when Smith, who had won a gold medal at Helinski in '52, was wrestling coach at the University of Nebraska.

Russ went to the gym one day to work out, started talking to Smith, who encouraged him to try a "comeback," and that was the real start of it all.

Camilleri figures that if Smith really got into fighting trim again ("even 'out of shape' he can give us all a tussle in the gym"), he could even win another gold medal.

"But like many others," says Russ, "returning to the Olympics would mean too great a personal sacrifice for Bill.

★ ★ ★

"I'M LUCKY, having been able to keep up my wrestling in the Air Force for five years, and being in a business where I can take off for short periods of time without worrying about losing my job, which is just what happens to many American athletes who must quit, really, before they've reached their peak.

"I'm 27, and figure I'll be better, stronger, more experienced at 31, for the '68 Olympics.

"Most athletes really do get better in their late 20's and early 30's, if they can stay in shape that long. But the average American amateur has to get out and go to work once he gets past his early 20's. He just can't afford to go on being a pure amateur."

And does Russ intend making it to Mexico in '68?

"I'm going to try," he says, "if winning permits. I figure I'm on the verge of winning.

★ ★ ★

"WRESTLING isn't seeded at the Olympics. They just draw out of a hat, and often winning a gold medal depends nearly as much on the luck of the draw as skill.

"At both Rome and this time, in Tokyo, I seemed to draw all the toughest men.

"At least two wrestlers who have won gold medals, I've beaten.

"I've just gotta win that gold medal. I know I can."

General impressions of Tokyo?

"Tokyo's promotion was fantastic, but nothing can ever beat Rome. Maybe it's because it was my first Olympics, but to me Rome was magic, really the 'Eternal City'."

S.S.F. Tops Arch Rival El Camino

Will the South San Francisco Warriors be stopped in 1964?

That's the question North County football fans were asking this week after watching the Warriors' sparkling 21-0 win over the El Camino Colts Friday night.

South S. F.'s impressive win over their crosstown rivals, despite a sloppy turf and 145 yards in penalties, paved the way for the third crucial battle in three years between the Warriors and the reigning North Peninsula League champion, Westmoor, on November 13.

Last night's win also gave the Warriors their third successive triumph over El Camino since the series began and kept the Warriors' NPL record unbeaten and unscored upon.

South San Francisco, sparked by a balanced offensive attack and a stingy defense, ended the idea that the game would be close before it was half over.

The initial Warrior touchdown came with 8:25 left in the opening quarter, when quarterback John Moro tossed a 33-yard scoring pass to end Bob Smith.

Two scrimmage plays later, El Camino again lost the ball on a pass interception by Clarie Hollenbeck. For the Warriors, however, that was the start of the penalty parade that nullified one touchdown and stung them for nine 15-yard infractions.

Before the quarter ended, El Camino was burned again when linebacker John O'Rourke tackled fullback Wayne Caton in the end zone for a safety.

In the third period, Greg Jones, the second-ranked rusher in Northern California, capped a four-play, 65-yard drive with a 55-yard touchdown romp. He teamed up with Moro for the Warriors' final touchdown, a 31-yard pass play.

Cuadra, Namanny Pace Indians

Jeff Downs Tigers

By GENE GIBSON

Jefferson High School quarterback Rich Quadra ranks as one of the best passers in Northern California prep football, but Terra Nova High School knows him better as a runner.

Cuadra rambled for 102 yards on 11 carries for a 9.2 average as the Indians overpowered the Tigers, 14-0, in a North Peninsula League football game on the Coastside Friday.

In the air, the Indian quarterback completed only three out of 11 for 41 yards as the Indians used the trenches to score both touchdowns.

Fullback Al Namanny scored both of them. The first came in the third period, climaxing a 62-yard march that included a 22-yard run by Cuadra and a penalty against the Tigers. Namanny plunged over center from seven yards out.

The second Jefferson touchdown came in the fourth period after Paul Howe intercepted a Tiger pass on the Terra Nova 32 and ran it back to the 25. Six plays later Nammany scored from the five and then kicked his second of two conversions.

The gun killed a Jefferson scoring threat on the Tiger four-yard-line at the half, and another Indian touchdown bid was turned back on the last play of the game when the Tigers intercepted a pass on their own four-yard line.

Terra Nova never threatened to score as the Tigers dropped their third straight league game. It marked the second win in three games for Jefferson.

THIRD WIN

Westmoor Defeats Oceana

By JOE WARD

The Westmoor High School Rams, not wishing to break tradition, still have hungry sights set on the North Peninsula League title, a coveted honor they have hoarded since its inception in 1962.

The Rams kept their title hopes alive Friday by defeating the winless Oceana High School Sharks, 26-13, on the loser's field.

Constant rain prior to the contest left the field wet and muddy.

The field's condition helped Oceana to partially nullify the passing of Ram quarterback Mike Elston. But a consistent ground game was more than enough to carry Westmoor to its third straight league victory against no defeats.

The Hilltoppers' running attack, featuring powerful drives by John Heick and Dave Dotur, accounted for 271 yards and constantly harrassed the Sharks' secondary.

Westmoor first hit paydirt early in the second quarter when Elston found end John (Hands) Price with a 24-yard scoring aerial.

A pair of explosive runs by Heick set up Westmoor's second scoring drive several plays later. A one-yard plunge by Dotur scored the touchdown and put the Rams in front to stay.

Westmoor's final score in the first half came on a 20-yard romp by Heick. From this point on Ram coach Pete Matisi emptied the bench and gave all of his underclassmen a chance to play.

Following its halftime pep talk, Oceana came to life and scored twice.

Both touchdowns came on pass plays from quarterback Steve McCaughey to end Rich Smith. The first one covered 25 yards, with the second score coming on a 15-yard aerial.

Despite the Sharks' tallies, Westmoor was never in danger of losing control of the contest.

The Rams' final score came on a 14-yard scoring pass from Elston to flanker Bill Waite.

Underneath it all it's a Volkswagen.

The Karmann Ghia has a low-slung, racy-looking body: sloping hood, remarkably clean, sculptured lines.

The car is built with plenty of good-old-fashioned hand-work. (Fenders and hoods and door frames are welded and smoothed by hand.)

Yet, the Karmann Ghia has VW's engine. (And VW's chassis and transmission and suspension.) This means you get VW's legendary economy: about 32 m.p.g. And VW's air-cooling: no boiling or freezing. And VW's excellent traction: through mud, ice and snow. And VW's service: no $40 tuneups, no $100 carburetors.

Top to bottom, the Ghia is built to last. It looks like a custom made car because it's designed like one. It acts like a Volkswagen because it is one.

Just look underneath the rear bonnet.

TWO TICKETS TO THE BIG GAME
CALIFORNIA-STANFORD NOV. 21
For the Week's Best Entry

Send in your entry in the
FOOTBALL CONTEST
Sponsored by The Times and The Post
Entries available every Tuesday and Wednesday in The Times; every Wednesday in The Post

RULES AND REGULATIONS

1. Select the winner of each game by placing an "X" in the box on the margin side of the team you think will win. If you predict the game will end in a tie, place an "X" only in the column headed "Ties" between the two teams. If the game ends in a tie, credit will only be given to contestants who predict the tie.
2. Write the total net yards (rushing and passing) that you think the S. F. 49'ers will make in Sunday's game in the box provided. (This estimate will only be used in case of ties between two contestants.)
3. Clip and mail the entry blank to:

FOOTBALL CONTEST
The Post
30 Park Plaza Drive
Daly City, Calif.

4. Entries must be postmarked prior to midnight Thursday of this week or delivered to The Times prior to midnight Thursday of this week. The Times is not responsible for entries lost, delayed or destroyed or which fails to reach The Times or The Post by 9:00 A.M. on Saturday.
5. To receive the cash prize the winner must pick all 15 games correctly. If the entry does not pick all games right, then the winner will receive 2 tickets to the Big Game, California vs. Stanford, on November 21. The previous week's contest cash prize will be added to the next week's contest if it is not distributed to a winner. This cash prize will be given to the winner of the final week's contest if it has not been distributed before. The final week's winner will not need to guess all 15 games to win the cash prize. In case ties cannot be broken between contestants by means of the tie-breaker, the prize will be divided equally. (This includes ties between contestants who pick 15 winners.)
6. A bonus of $50 will be given to each cash prize winner (not Big Game ticket winners) who is a home-delivered subscriber to The San Mateo Times or indicates immediate delivery of The Times is wanted. To qualify for his bonus, either of the boxes at the bottom of the entry blank must be checked. In the event two or more subscribers divide the contest cash prize, the bonus prize will be divided in the same manner.
7. Number of entries from one household is limited to fifteen (15) on official entry blanks but only one (1) exact sized facsimile of the official entry blank may be submitted. Submission of more than one facsimile in any one week will render all facsimiles submitted by that contestant void.
8. Entries may be attached to a postcard, mailed in an envelope or delivered by hand to the San Mateo office of The Times or the Daly City office of The Post.
9. Anyone may enter the contest except employes of The Times or immediate members of their family.
10. The decision of the judges is final and all contestants agree to abide by the judges' decisions. All entries become the property of The Times, no answers may be returned. The Times reserves the right to correct any typographical errors in the entry blank which affect the outcome of the contest. Answers to the contest or winners' names will NOT be given out over the phone. Winners will be notified by The Times.

COMMENT

Fiesta Report Shows Vision

BROAD-SCOPE VISION and true practicality have both been attained in the report made by the committee, appointed by the San Mateo County Supervisors, to investigate the operations of the annual San Mateo County Fair and Floral Fiesta.

It is a report not unduly critical of the present Fiesta operation yet very much to the point with respect to needed modernization and reorganization along lines calculated to be more representative of what the people of the county want in their yearly exposition "putting the county's best foot forward."

It is a report that looks to the future and seeks to remedy the omissions and the shortcomings of past Fairs.

It wisely recognizes that the many complaints made from many quarters by people and organizations dissatisfied with the Fair reflected a genuine and sincere interest in making it bigger, better and more interesting, rather than mere fault-finding.

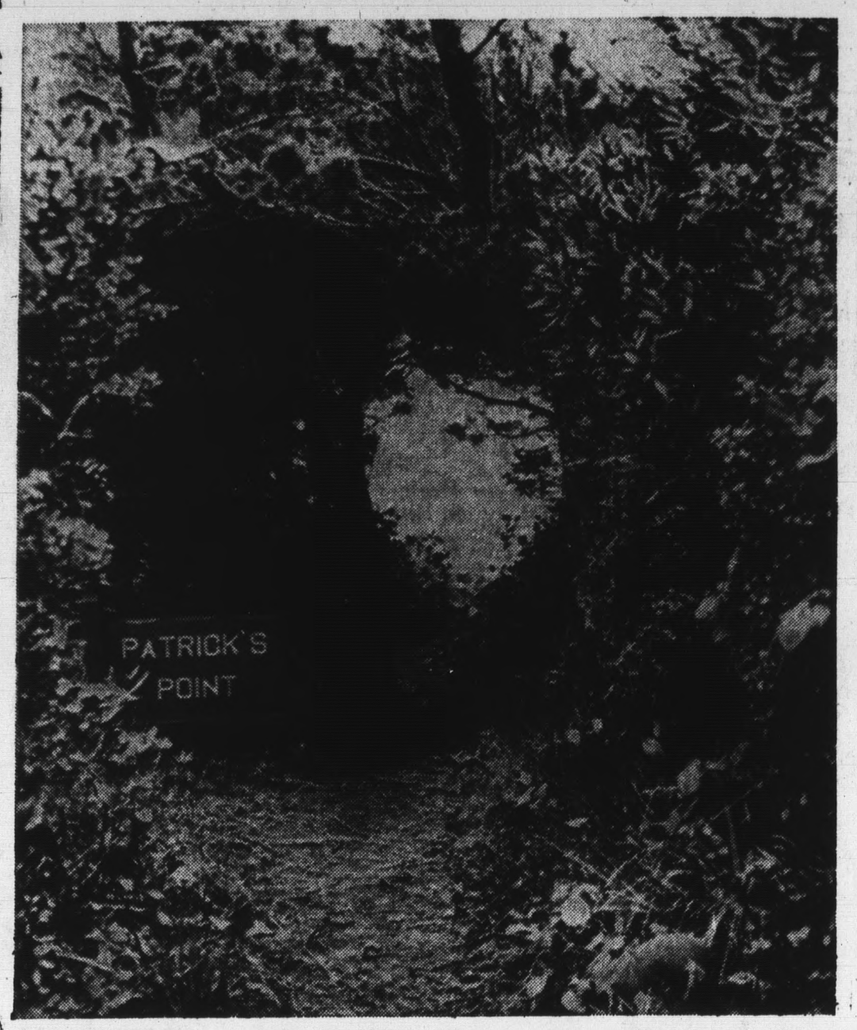
THE COMPLAINTS were more helpful than hurtful and they gave the committee a basis for exploring possible improvements. But the recommendations reached by the committee make it obvious that it did not confine its observations to the matters brought forth in the complaints; the committeemen went on to make a thorough study of the entire operation and make recommendations that can substantially add to the efficiency, economy and acceptance of the Fair.

It is not necessary that all should agree with all 26 of the specific recommendations made.

They should be considered, however, in the spirit in which they are made and from them can come results that the whole county wants: a clean and handsome Fair; a Fairground adaptable to continuous, advantageous use by all the citizenry all the year-round; a forward-looking, businesslike management with good public relations; a recognition of all the agricultural, horticultural, floricultural and industrial elements that can contribute to truly representative exhibits of the county's products; and, finally, a return to the magnificent floral spectacles that formerly made the San Mateo County Fiesta nationally famous.

That is a large order, but the committee has laid the foundation for all of it. What now remains is friendly resolution to implement the recommendations in the most rapid and useful way. Let us hope this resolution will be reached as soon as possible.

Pacific Headland



SIGN FRAMED by a profusion of shrubs and ferns stands at the entrance to a trail leading to a point jutting into the Pacific that's known as Patrick's Point. A state park by the same name surrounds the point and abounds in a luxurious growth of colorful plant life. Rocky beaches and a long, wide sandy stretch known as Agate Beach, are park features. A headland of the Pacific, the Park is located in the midst of towering redwoods north of Eureka. It has 122 camp sites and facilities for picnicking. Activities include fishing, gem hunting on Agate Beach and hiking. This is another in a series on parks and historical areas within a day's driving time of the North County.

Pacific Parade

'Tis the Season For Wondering

Don Miller

THIS IS the season for wondering, we were convinced the other day while ruminating (ruminating??) on the North County scene.

Like, for example, we wonder why somebody can't wind up (or plug in) that mischievous clock on the outside north wall of Walgreen's Drug Store in the Westlake Shopping Center.

It has blatantly declared the hour to be 2:20 at all hours of every day for days ad infinitum now. Since we can remember the day when its hour hand moved along with the times, nobody can get away with the excuse that it's only there for decoration.

We also wonder how each day passes without a bad accident in the Chinese Checkers traffic pattern the state highway boys have cooked up to re-route autos away from freeway overpass construction at Alemany Boulevard and Knowles Avenue in Daly City.

We can honestly sympathize with the problems involved but whoever came up with that left-turn-for-Knowles maneuver for southbound Alemany traffic?

Having successfully braved this maneuver for a month now, we're beginning to think we might just last through to the day when it's gone and the freeway is humming through town.

★ ★ ★

AND WHILE we're fretting about freeway complications, we wonder if anybody ever thought the hole they were going to dig for that overpass business would turn out to be THAT big.

One wag suggested almost with a straight face that the excavation wasn't for highway needs but to store the mounting stack of minutes piling up in those stormy extra-pay-for-extra-work meetings held by the Jeff High School District trustees.

Which leads us to wonder what it will be like when the beleaguered trustees sit down again to a nice, quiet uncomplicated meeting in their 375 South Mayfair headquarters.

For the past few weeks, it's been the coaches and their threatened revolt. Before that, it was worry, worry over unification and a possible split of the district. (That worrying is still going on.)

And before that, considerable grief about the cantankerous hot water heating system over at Westmoor High School. Which, as you'll note from a story on another page this week, isn't cantankerous any more but is working just fine. (Well, there has to be SOME good news in the district.)

THEN, TOO, we wonder what Nell Norton has stirred up this season for her annual Turkey Day extravaganza. For last year, our informants tell us, a good number of her culinary fans tried out the Thanksgiving Day masterpiece and the raves haven't quit coming in yet.

And while we're on the subject of our fellow Post columnist, we'll let slip a small, office belief here and tell you that if Nell ever gets tired of cooking (which would be like the Mets winning all the marbles next year), she should take up the stage.

For as any of you Nell Norton friends know, our Sugar 'n Spice gal seems to be "on stage" from the moment she fumbles with the coffee pot in the a.m. to the time she adds a few final flourishes to that gourmet creation in the kitchen late in the evening.

For more wondering, last week's welcome (in some quarters) rain led us to wonder why it is after a prolonged dry spell that just about everybody wants it to rain and when it does and does so for more than a day, everybody can't wait for it to stop.

We heard so much complaining about the weather on the second day of the storm that you would have thought that Noah had it easy a few thousand years ago compared to North County folk in the last week of October '64.

Getting into things pigskin, we wonder how the schedule-makers could have been so clairvoyant as to match the Warriors of South San Francisco with the Rams of Westmoor on the final day (November 13) of the North Peninsula League season.

The way things are going right now, it looks as though both clubs will head into that season finale with undefeated slates—which if it comes to pass, should see one of the biggest mobs in the short history of the NPL gathered around the Rams' gridiron high on their Westlake hill.

While wandering (and wondering) in the world of sports, we also can't help but wonder what magic touch Rod Losberger has with his baseball Rams that keeps getting some of them into the big leagues.

As you all know by now, Bruce Hix was the latest to join this parade from Westmoor to the land of the big stadiums and we wonder who from the halls of the green and white will be next.

WONDERING ABOUT things Pacifican, we wonder how it all would have come out if they hadn't gone ahead with that mock airplane crash in Pacifica last Thursday night instead of calling it off because of rainy weather.

It seems to us the difficult conditions (rain, slippery streets, bad visibility) would have lent a touch of realism to an otherwise strictly make-believe civil defense exercise.

We also wonder how it will seem to Pacificans to be able to drive the straight and true right down through the city once the freeway is completed in a few weeks. After long months of inconvenient detours, it probably will seem so incredible that everyone will want to do it the first day and the freeway, designed to unjam the old Cabrillo Highway, will be jammed.

And on that note, we'll cease this column of wondering before we get into a jam ourselves over wondering about what to wonder about next.

North County Notebook

Strictly Class On the Diamond

Ron Bates

YOU DON'T have to go to Candlestick Park to see the brand of ball typically played by the San Francisco Giants. I mean, if you want to see a baseball game blown—see it blown in style. Plan to attend next year's Fire Prevention Baseball Game between our very own Daly City Fireballers and their Palo Alto counterparts.

The two fire departments have begun an annual affair to call attention to Fire Prevention Week and if future games are anything like last week's contest, there will be plenty of laughs for all who make it to the game.

Not being as much of a baseball afficianado as I would like to be (there aren't enough hours in the day) maybe I shouldn't say the game was blown. But it seems to me, that any team that jumps to a 7-0 lead in the first inning and winds up on the bottom of a 12-10 score in the ninth would probably fit that terminology.

As Red Skeleton would say, "It just don't look right to me."

A TOTAL OF 13 Daly City batters went to the plate in the bottom of the first to accumulate an assortment of singles and walks adding up to seven runs. Gene Clinger, game captain, smacked a double to highlight the inning.

From the looks of things then, the Daly City team was going to romp, but looks are deceiving.

The Palo Alto gang pecked away at the lead for the next seven innings while Daly City just pecked. The southerners came up in the top of the eighth trailing by only one run, 10-8.

It was then Daly City showed its class—the class the Giants are made of.

With two outs, the Daly City catcher (who shall remain nameless because he subtly hinted that my life would be endangered if it were ever revealed) caught a third strike and threw it to the right fielder. I'm told that it was intended for the first baseman. A run scored on the miscue.

ANYWAY, that put the Palo Alto boys just one run behind. By some strange quirk of fate, Daly City managed to put the third man out.

Now this wasn't so bad. Overthrown balls happen even among the pros. The capper to this comedy of errors came in the ninth when Palo Alto came up again.

Joltin' John Castagnolla had relieved Bullet Bob Banchero as pitcher and Yogi Jay Modglin was behind the plate (my professional pride now dictates that I can't remain silent).

A Palo Alto slugger (I think he was a ringer) smashed a single. He stole second and then third when the ball went sailing into center field. (Good arm, Jay!)

Somebody said time out, but nobody heard him (at least not the umpire. While Modglin walked out to the pitcher's mound, the Palo Alto ringer walked home with the tying run.

From then on the game was legitimate. Palo Alto scored two runs to win and it all became history.

THE GAME WILL be played every year during Fire Prevention Week on a home and home basis. The next game will be in Palo Alto.

At stake is a perpetual trophy that has been supplied by the Daly City-Colma and the Palo Alto Chambers of Commerce.

Receiving the Most Valuable Player award for Daly City was "Papa" Lyle Church. He's the most prolific father on the force with seven kids. He was the most prolific with the bat in the game with three hits.

DALY CITY Fire Chief Elmer Kennedy, asked why he didn't participate, quipped: "They wanted to keep it on a strictly amateur level — no pros allowed."

The game goes back in history to 1957 when the fire department played the police department. When the policemen were told they had to take off their guns in 1959, the firemen looked around for someone else to play.

They played an all-star (??) aggregate of city employes in 1960 and 1961 and then last year contacted Palo Alto. The first game was one by Daly City 9-7.

Do you think we can arrange to have Modglin on duty at the station then?

Hillbarn Triumphs

Barbara Bladen

I SOMETIMES wonder whether Peninsulans fully appreciate that they have Hillbarn Little Theatre, and the first rate productions Robert Brauns and Sam Rolph have been producing over the years. Now that competition between professional, semi-professional and community theatre is at such a feverish pitch, it's interesting to assay the quality of what is being offered the play-going public for its entertainment money.

The converted store in the Carlmont Shopping Center opened last week with "Not in the Book," an impeccable British mystery comedy that never played Broadway, had a mild success here several years ago with Edward Everett Horton and cast it 100 per cent amateur. And I'll bet that comparable entertainment and enjoyment can't be matched anywhere within a 50-mile radius or by any little theatre anywhere in the country for that matter.

Set in a suburb of London, the three-act play moves slowly, but precisely to an obvious conclusion, dropping wit and homespun humor in a wake of laughter from the opening closing scene. Economical of action and surfeit of dialogue, its production under the direction and leading characterization of Robert Brauns is as masterful as a chess game and as funny as a Peter Sellers' movie.

As the plot within a plot reveals, it's a "how done it, not a who done it." The element of surprise is eliminated in the first scene by the author (Leo Ware) of a crime novel who reveals the details of a perfect crime to (Robert Brauns) a respectable and conservative upperclass family man whose relative is a book publisher.

As the circumstances of his life parallels the character in the novel who is also a victim of blackmail, this law abiding citizen plots an identical murder. What saves our murdering hero is an unknown factor which is "not in the book."

THE SHOW is cast with meticulous detail of characterization. Marian Sinton is an adoring Billie Burke of a wife with police problems of her own in the form of a traffic ticket and Ronald Doyle is a dutiful but overly bored son.

Brauns is marvelously stuffy and pedantic. His scenes of pouring weed killer into the sugar bowl and sugar into the poison bottle, and back again when the policeman (Charles Henderson) arrives instead of the victim are lessons in concentrated hilarity. He makes the switch again and then again for a third and fourth time until everyone on and in front of the stage is confused. So the man dies of poison, but that final piece of homicide triumphantly completes a well-manicured puzzle.

Frank Predergast, a hard-of-hearing colonel whose blustering, bungling manner gives the play its most comic character, almost scuttles the plot with his frankness. He bumbles about in tweed knickers and cap misunderstanding everything that's said and offering irrelevant answers.

Aldo Pardini, as the suave but ruthless blackmailer, presents a convincing case when he threatens to disclose a 27-year-old indiscretion. The plot is so expertly twisted that the murderer gets sympathy, not the victim. We are temporarily thrown off the "gory road" when the possibility of a natural death by heart attack is introduced.

Sam Rolph's good-looking English tudor living room setting with books, antiques, silver tea set and fine china is so authentic we thought we were back in London. Coupled with an excellent cast and superb direction, it is a combination no other little theater group can beat. It's a double triumph for Peninsulans who appreciate Hillbarn with just pride.

Slowing Down The Hurry-Up

George Whitesell

MOST PENINSULANS, from housewives to executives, are busy people. And a lot of them are busy, busy, BUSY!

They are in a rush from the time they step into the shower early in morning until they race to get dinner ready, or to get home and eat it.

And even this does not relax the tempo for many of them—they have homework, meetings to attend, letters to write and bills to pay, clothes to mend, and dishes to wash.

By the time they hit the sack they are really dragging.

It might be a good idea for a lot of them to ask themselves if all this endless, frantic drive is really necessary?

Unfortunately, quite a few will say that it is and be able to prove it. If all the things they must do don't get done the whole structure of life they have erected for themselves might come toppling down about the ears.

If they can't continually prop up the foundations and brace the rafters the roof will fall in.

The bank account will go pffft, the car payments will go bang, and the mortgage will fall due with a wham!

★ ★ ★

THIS DEPARTMENT wishes it was wise enough to come up with an answer for these folks, but it cannot. The only thing we can tell them is to take a good look at the situation and see if there is some point ahead where they can stop for a breathing spell and think of some way out of the mess.

Other people have managed to do this so it can be done. But each person has to do it his own way and in his own time—if he lasts that long.

And the truth is that a lot of the rush, rush, rush is spurious if closely examined.

It is like the phony atmosphere that a sideshow barker creates at the beginning and ending of his spiel with a shout of "Hurry, Hurry, Hurry."

★ ★ ★

IF YOU STOP to think about it maybe you will find that hurry has become a habit and it persists after you have already gone past the finish line.

You could still be racing your motor when there is no longer any need for more than a safe, careful and normal speed.

Literally, you can be, for example, drivnig like fury on the Freeway to save a couple of minutes you don't really need.

And it doesn't make sense to risk your life just to stand and gab with a parking lot attendant about the chances of the 49ers.

★ ★ ★

THE PHONY HURRY complex is easy to develop and often, if you analyze it, you may find that someone else is pushing you into it.

If this is the case, take a good, long look at the person who is crowding you. Chances are the poor guy is a victim of a phony hurry-up and is unwittingly giving you the works.

You can't do anything to help him, but once you know what is happening a good look at him may be just the medicine you need.

More often, however, a bad case of hurry-up may be strictly homegrown. This you have got to find out for yourself.

★ ★ ★

YOUR DRIVING is a good place to check up.

Do you find yourself pouring on the gas in an effort to beat out every traffic light? Do you sit and fret if you don't beat one?

Even worse, do you catch yourself "jumping like fury on the Freeway to save a couple of minutes.

If the answers are "yes" you already have a virulent form of phony hurry in this one phase of your life and you had better start checking on your behavior in general.

You may find a lot of places and opportunities for slowing down and starting to enjoy life instead of rushing madly to oblivion.

You will probably find it is easier to relax than to rush.

You may even start having some fun watching others hurry by.

Like this department, which is already two hours behind schedule today.

Letters to the Editor

TO THE EDITOR:

There are only three basic reasons for the existence of the HELP Committee. These reasons, simply stated, are:

(1) HELP believes that stable housing is possible for all Laguna Salada School District children. (2) HELP believes that the current school curriculum should be revived and updated. (3) HELP believes in close surveillance of tax money expenditures.

Some of our statements have been misunderstood, some inadvertently misquoted. In moments of frustrated anger, some of our statements were ill-chosen.

But even more serious, our purposes have been misjudged. Many incidents occurred that forced us to establish HELP. Since its inception, HELP has evolved from a regional organization concerned with a local problem to one concerned with the over-all administrative policies for the entire Laguna Salada School District.

We do not intend to reiterate the incidents leading to HELP's establishment or its original organizational concepts. But rather, the following attempts to concisely state some questions:

1. **Why must** parents resignedly accept the frequent transfer of their children from one school to another simply because this policy has existed for years?

2. **Why is** Fairmont No. 2 under construction and Fairmont No. 3 in the planning stage when Fairmont No. 1 is some 200 students below maximum enrollment?

3. **The Fassler** and upper Crespi area is arbitrarily outside any assigned school area for the indefinite future. As additional houses are built in the immediate vicinity of Ortega Elementary School, this unassigned area size will increase. Is there a school actively being planned to handle these children?

We realize that the Board of Trustees adopted a resolution during the October 13 meeting to augment the present housing committee with individual citizens. However, based on past actions, we are sorry to say we have some reservations regarding how effective a group of citizens will be in dealing with the present administration.

We realize that recall is a drastic action. However, our decision to consider recall of the school board followed many weeks of discouraging, fruitless discussion with the present administration and board of trustees.

We welcome comments from all concerned parents.

HELP Committee Chairman

That's the Way the Cooky Crumbles—at Westmoor

Homemaking classes are busily studying the fine art of cooking in an attempt to fatten up the faculty and starve the students of Westmoor High School.

The girls, under the direction of teacher Margaret Becker, have agreed to a daring plan of inviting the "hopefully hungry" teachers to visit the kitchens during their prep periods to indulge with the chefs in huge platters of calories.

At the same time, students in teacher Lorraine Stoddard's English class are practically "dying of hunger," not because of the subject matter, but because of the tempting aromas of rich foods escaping through the air vents into their classroom.

Students are alarmed, protesting the segregation between the faculty's stomachs and theirs.

They, too, have agreed that it would be a delicious change of pace to be able to sample the foods with their mouths instead of their noses.

Both questions are now under consideration by the administration. Rumors have it however, that the students have lost out to the hungry faculty.

The First Shovelful

GROUND is broken for a new Broadmoor community recreation center at Eighty-seventh Street and Washington Drive. Taking part in the ceremonies, left to right, are Gilbert Oliver, San Francisco architect who has designed the new center; Melvin Wilner of the Wilner Construction Company of Daly City, which will erect the building and Alfred Ickler, president of the Broadmoor Property Owners' Association, which will own and operate the center. Cost is estimated at $30,000. Target date for completion is late January. (Post-Times Photo)

Terra Nova Sets Series

"College Night," will kick off a series of night meetings designed by the Terra Nova Counseling and Guidance Department to aid both parents and students in obtaining information about post-school education or work.

On Thursday November 12, 8 to 9:30 p.m., a contingent of educators from colleges and universities throughout the Bay Area will speak and answer questions from parents and students on problems of incoming college freshmen.

The second in the series of meetings will be held in December, when Bay Area businessmen conduct a similar program. In January various representatives of trade unions around the area will hold another such meeting.

Terra Nova's P-TA will serve refreshments at each function.

Form Bethel Youth Group

A new youth group called Christ's Ambassadors was officially installed at the Bethel Church of Pacifica last week.

The officers, installed to serve for one year are John Canales, president; Paul Wilson, vice president, and Penny Ambrosian, secretary-treasurer. Serving as adult counselors are Mr. and Mrs. Robert Berry.

The organization will meet at 6:30 each Sunday evening at Bethel Church in the Linda Mar district of Pacifica.

Purpose of the group is to promote the spiritual, social and academic life of the young people by providing opportunities for worship, leadership, fellowship, community projects, training and evangelism.

The Christ's Ambassadors will be connected with the Assembly of God International Youth organization with headquarters in Springfield, Mo.

Doris Homer of 734 Southgate Avenue, Daly City, reported to police over the weekend that thieves had stolen $350 in currency and coin from her residence.

D. C. Grocer Is Held Up

A bandit held up Moon's Grocery at 202 School Street in Daly City early last Tuesday evening and escaped with $22.

Moon Lew, 39, of 144 Bruno Avenue, Daly City, the proprietor, reported to police that a youth about 18 or 19 years old entered the store, brandished a gun and demanded money.

The bandit ordered Lew to lie down on the floor, took the cash and fled, police said.

TWO TIRES TAKEN

Michael Simpson of 137 Romney Avenue, South San Francisco, reported to Daly City police last week that thieves had stolen two tires from his car, parked at Jefferson High School.

Victory—At Long Last!

Jefferson Union High School District officials have flashed the victory sign—this time for good, they believe—in the district's long battle to eliminate all leaks in the hot water system at Westmoor High School.

A new rooftop system was installed this year at a cost of more than $200,000 after the old underground pipes suffered a series of ruptures that at one juncture forced the school to suspend classes for part of a day.

After the new system was completed, small losses of water were detected by engineers but were attributed to air bubbles and kinks in the system.

However, Asst. District Supt. Fred Goodell toll the district's board of trustees, there have been no recent reports of water losses—which means the end of the water leak battle at Westmoor.

Terra Nova Topics

By LOU ANN ANDRE

TERRA NOVA'S cafeteria opened just in the nick of time!

The stormy season has just begun and students now have a warm place in which to eat and enjoy their lunch in complete comfort. In the past, the rain caused so much confusion when lunchtime rolled around. Students often had to stay outside in the damp halls to eat their soggy sandwiches.

Besides being a place of warmth and shelter, the cafeteria now affords a well-balanced hot lunch. The meal usually consists of a hot meat dish, potatoes, vegetables, fruit or other dessert, buttered bread and milk.

There is only one main problem yet to be solved. This is the need for a speedier service line. Many students do not receive their lunch until a few minutes before the bell rings.

A RUMMAGE sale is the next great interest at school. Students are urged to bring any re-saleable items, white elephants for the sale, being sponsored by the enthusiastic Junior Class to fatten up their class funds.

The final discussions have been concluded and big things are beginning to happen for our Homecoming queen candidates. Poster pictures have been made and will be posted throughout the halls of Terra Nova.

During Friday's rally the girls sat nervously awaiting their first formal introduction to the student body. The final candidates and their sponsors are: Senior Class — DONNA CARLSON; Junior Class—LINDA RICHARDSON; Sophomore DONNA JOHNSON; Freshmen — LINDA SABRIDO; Future Business Leaders of America — ELEANOR ANDA; Future Teachers of America—JEANNE RODGERS; Girls' Athletic Association—ANN CUNNINGHAM; California Scholastic Federation; CHARLEEN MUELLER; Girls' League — GAYLE JONES; Science Club — LINDA RIST, and Block TN — CANDY TROY.

Smile! This has been the word around the campus during the past week. All clubs and organizations have been assembled daily after school to have their pictures taken for the yearbook.

Women members of the church will serve at a reception to be held after the dedication in the basement of the new building.

DALY CITY PETITION

Pair's Deaths Ruled Simultaneous

A Superior Court hearing has detremined that a Daly City couple, found dead in their home in what investigators said was a case of murder and suicide, died simultaneously.

The couple were Esther Charette, 40, and her husband, Robert, 43, of 184 St. Francis Boulevard. They were found by relatives on September 23 of last year.

A petition to establish the time of death of both husband and wife has been filed by Raymond Charette of 191 Bepler Street, Daly City, brother of the husband.

The brother had made applicaiton for letters of administration. These would give him the power to administer the estate of the deceased. The couple had no will.

Superior Court Judge Melvin E. Cohn ruled that the couple "died under such circumstances that there is no sufficient evidence that they died other than simultaneously.

The hearing had determined that one of the couple had died first, the other would have inherited his or her estate even though the beneficiary himself, or herself, died later.

After the deaths, Deputy Coroner Robert Jessen said the husband's left wrist had been slashed in two places and that he apparently had bled to death.

He also said that an investigation showed that the wife had suffered a stab wound in her left collar bone and two cuts on the back of her head.

Relatives said later there had been no sign of marital troubles. Police reported that no suicide notes had been found.

One Injured In Collision

A Pacifica woman was injured in a two-car collision at Skyline Drive and Westridge Avenue in Daly City last Tuesday morning, police reported.

The woman, Elane Haley, 34, of 856 Arguello Boulevard, was admitted to French Hospital in San Francisco with a possible back injury. She was a passenger in a car driven by Jane Eckett, 33, of 1143 Escalero Avenue, Pacifica.

Police identified the driver of the other auto as Ricardo Mauricio, 30, of 36 Skyline, Daly City.

THEFT REPORTED

Maureen Malloy of 156 East Vista Avenue, Daly City, reported to police over the weekend that a carton of cigarettes and beverages had been stolen from her auto, parked in front of her home.

Friends Set General Meet

The Daly City Friends of the Library will hold a general meeting tomorrow in the Coral Room of the Westlake Library at 8 p.m., according to President Robert Evans.

A speaker will talk on "Space Communications."

BULLET REPORTED

Mrs. Thomas Vassar of 90 Santa Ana Avenue, Daly City, reported to police over the weekend that someone had fired a .22 caliber bullet through a window of her residence.

Tickets for D.C. Dinner Are Ready

A number of county dignitaries, including Congressman J. Arthur Younger, State Senator Richard Dolwig, Assemblyman Leo Ryan and Judges Frank Blum and Charles Becker, are expected to attend the Daly City-Colma Chamber of Commerce 13th Annual Past President and Installation Night November 13 at the Olympic Club at Lakeside.

According to Chamber Manager Peter Markovich, the affair will be held in the dining room and an orchestra will provide music for dancing.

Chairman of the dinner, Bernard "Bud" Lycett, said there will be a minimum of speeches in order to provide a maximum time for social pleasure.

Cost of the tickets is $6 per person. They are available by calling the chamber office at PL 5-2262.

Seeding—Space Age Style

JOHN ANDRADE, a landscape gardener, uses a new technique — called hydro-seeding — to spread grass seeds and fertilizer over newly-graded hillsides in the 1,000-acre Serramonte subdivision of Daly City. Seed and fertilizer are forced through the nozzle at high pressure. An area equal to 75 baseball diamonds was planted.

BETTER BUSINESS BUREAU

Smoking Habit Cures Costly

By LORENE BEASLEY
Editor, Better Business Bureau "Barometer"

THE BETTER Business Bureau receives many complaints concerning cigarette cures and tobacco substitutes purchased on a "money back guarantee."

There has been a substantial increase of such "treatments" guaranteed to banish all desire for tobacco since the issuance of the report of the Advisory Committee to the Surgeon General concerning the relationship established between cigarette smoking and lung cancer.

Cigarette cures and substitutes can be classified as either confections, drugs, or programs. Most smoking deterrents are simply pleasant or unpleasant spices or flavorings such as licorice, ginger or cloves and are sold without a prescription.

The American Medical Association says, "No substance intended to deter smoking has been proved to be more effective than an inert or innocuous medication. Any effectiveness derived from these products is purely psychological."

SOME anti-tobacco agents contain metallic substances such as silver nitrate or alum which work as an astringent on the oral membranes make the taste of tobacco unpleasant. Drugs, such as benzocaine, lessens the desire to smoke by numbing mouth and throat membranes.

Treatment in either case is temporary as the desire for oral gratification usually returns after the medication wears off. If nicotine effect is the reasons for smoking, none of the above cures are effective.

Nicotine substitutes, such as lobeline sulfate, are sold in the form of coated gums, lozenges, tablets and liquids. These drugs do replace tobacco and may aid in combating the smoking problem. However, once the person stops taking the drugs, the craving for tobacco usually returns.

EXTRAVAGANT claims should be viewed with caution. The Food and Drug Administration says "To date, we have not seen data which demonstrates substances are directly effective for overcoming the desire for smoking."

The Post Office Department has ruled: A New York firm selling an alleged smoking deterrent chewing gum was the subject of an affidavit of discontinuance in which their advertising was deemed "false and fraudulent."

The Federal Trade Commission ruled: Under FTC Stipulation 3873, a Missouri adviser agreed to cease and desist from representing his tablets were of "actual value in the overcoming or cure of the tobacco habit."

EXCESSIVE tobacco smoking is a psychiatric problem and should be treated as such. Commercial smoking deterrents are designed to modify or abolish the smoke drive. They may aid in this effort, but are valuable principally for their psychological effect.

Medical authorities agree the the best way to moderate or abstain from smoking is through self-discipline. Because "withdrawal symptoms" of tobacco are comparatively mild, the person with a genuine desire to moderate or abstain seldom has a serious problem if he has a genuine and active determination to stop.

The above appraisal of smoking deterrents is given with the sole purpose of assisting the person who wishes to give up smoking to exercise his own judgment concerning such "cures."

Better Business Bureau does not recommend or deprecate any of the tobacco substitutes.

School Plans Are Authorized

The board of trustees of the Jefferson Union High School District have authorized the preparation of schematic plans for the proposed Serramonte High School in the new planned community of the same name in Daly City.

The plans would be a preliminary to rough grading of the site by Serramonte developers.

Cash Stolen At Westmoor

A thief stole three drafting compasses and petty cash from shops and a mechanical drawing room at Westmoor High School last week, according to Daly City police.

The loss totaled $30.50. The missing items were reported by George A. Chrestionson, a teacher at Westmoor. Police said the method of entry by the thief could not be determined.

LAWN DAMAGED

Westmoor High School officials reported to police over the weekend that vandals had driven an auto over the school lawn.

Sugar 'n' Spice

By Nell Norton

THE BEST WAY to find out whether a new recipe is good is to try it. Most of us who make a hobby of collecting recipes can tell from reading just about how it will taste. But the final judgement comes when you bring it to the table.

This year's winner in the Pillsbury Bake-Off sounded just right to me. For my family likes any dish that combines ground meat, onions and tomatoes — plus Mexican seasonings. My method of collecting and testing recipes is just like yours, I bet.

I tear out the recipe, put it in a crowded (with other recipes) kitchen drawer and plan "to try it soon." Well sometimes it's "soon" and othertimes not too soon. This dish I tried "soon" and I'm glad I did, for it's delicious and I can heartily recommend it to you good cooks.

MEXICALLI MEAT PIE

6 slices bacon
1 pound ground beef
1 cup (8 oz. can) drained whole kernel corn
¼ cup finely chopped green pepper
¼ cup finely chopped onion
¼ cup corn meal
½ tsp. oregano
½ tsp. chili powder
½ tsp. salt
⅛ tsp. garlic powder
⅛ tsp. pepper
8 oz. can tomato sauce
1 egg
¼ cup milk
½ tsp. dry mustard
½ tsp. Worcestershire sauce
½ tsp. salt
1½ cups shredded Cheddar cheese
4 stuffed olives, sliced

Fry bacon until crisp. Break into large pieces. Chill one-third cup bacon drippings until firm. Brown ground beef in large skillet; drain off fat. Stir in corn, green pepper, onion, corn meal, oregano, chili powder, salt, garlic powder, pepper and tomato sauce. Prepare pie crust. Place meat mixture into pastry-lined pan. Bake at 425 degrees for 25 minutes.

Combine egg, milk, mustard, Worcestershire sauce and cheese. Spread on pie. Top with bacon and sliced olives. Bake five minutes or until cheese melts. Let stand for 10 minutes before serving.

PIE CRUST

1 cup all-purpose flour
2 tsp. corn meal
½ cup firm bacon drippings or other shortening
3 to 4 tsp. cold water.

Combine flour and corn meal. Cut in bacon drippings until mixture is size of small peas. Sprinkle water over mixture while tossing and stirring lightly with fork. Add water to driest particles, pushing lumps to side, until dough is just moist enough to hold together.

Form into ball. Flatten to half-inch thickness; smooth edges. Roll out on floured surface to a circle 1½ inches larger than nine-inch piepan. Fit into pan. Fold edge to form standing rim. Flute.

I used bacon drippings in making the pie crust. I found that it added a lot to the flavor of the crust. And because I'm getting lazy in my old age, I rolled it out between two pieces of waxed paper, which eliminated the trouble of cleaning the rolling pin and the breadboard.

☆ ☆ ☆

RECENTLY AT a meeting I met a group of mothers who have daughters who are becoming interested in baking. Some are Girl Scouts and are working for badges and others are just eager to try their hand at the art.

This recipe for filled cookies is just the one I would recommend for young bakers. For the making is simple, the ingredients handy and the results delicious. What more can you ask of a cookie?

FILLED COOKIES

½ cup shortening
⅓ cup sugar
½ tsp. salt
1 tsp. vanilla
1 egg
1 2/3 cups flour

Cream the shortening ad sugar, add egg and beat well. Mix in salt and vanilla. Add sifted flour. Blend well and drop by heaping teaspoonful onto greased cookie sheet. Shape into flat cookie with a depression in the center.

Build up the sides to form a crater into which you put a spoon of jelly or jam. I usually use two kinds of jam, making some with berry jam and the others with apricot of peach jam. Bake in 350 degree oven for 12 to 15 minutes or until edges are browned.

HELP! Pianist wanted to contribute talent and a small amount of time for a worthy cause!

Mrs. Emily Freedman, chairman of the "Fall Fantasy" show which is being presented by the North Peninsula Circle for the Florence Crittenton Home, has issued a plea for someone to contribute their time and ability to play the piano for the cause of charity.

The fashion show, to be held on November 12 in the South San Francisco Elks Club, will feature fashions from The Fashion of Westlake and furs from Minudri. The bonus feature will be the narration to be done by Dan Dailey.

The finishing touch to the day may be added by you if you can play the piano and have the time and inclination to aid this young circle wth its annual fund rasing campaign. Interesting in helping? Call Mrs. Freedman, PL 5-8981.

While the problem of music awaits a solution, circle president Mrs. Jean Markovich and show chairman Mrs. Freedman express delight in the progress being made on the unique decorations, being created under the supervision of Mrs. Mary O'Neil.

Almost tied in knots from knotting knots are committeewomen **Mrs. Marie Poggio, Mrs. Dorothy Orlich, Mrs. Phyllis Odenthal, Mrs. Violet Murphy, Mrs. Mel Bocci, Mrs. Christine Pack, Mrs. Pat Feldman, Mrs. Gloria George, Mrs. Carole Hutchins, Mrs. Winifred Morgan, Mrs. Kay Glebow, Mrs. Patty Crandall** and **Mrs. Lee Stringer.** Don't miss the opportunity to see the delightful handiwork of these women and perhaps, purchase some of the decorations to help brighten your own home during the Thanksgiving season.

The charming corp of hostesses assembled by the hospitality committee will include, **Mrs. Shelley Mangini, Mrs. Ann Eason, Mrs. Pack, Mrs. Gloria George** and **Mrs. Jean Jabin.**

Mrs. Freedman, who is directing activities from her sick bed where she has been confined while recovering from an emergency appendictomy complicated by a strep infection, has anounced that **Mrs. Shirley Yudkin,** the artist who contributed so much to the beauty of Temple Judea, has airmailed an original water color to the circle which will be given as a door prize. Mrs. Yudkin now resides at Santiago, Chili, where her husband is serving as an economic adviser.

If you haven't as yet made reservations for the Fall Fantasy do so by calling **Mrs. Edward Odenthal,** PL 5-7646. Tickets cost only $3.50.

CAN BE FROZEN

If cheddar cheese is to be added to a "made" dish or to a casserole topping, it's perfectly all right to freezer-store the cheese. Freezing may make the cheddar crumbly, but for use in cooking this texture change won't matter.

Gas Stations Join Safety Check Drive

Mayor, Rotary Head Outline Program

A week-long, voluntary vehicle safety check program, the first of its kind ever held in Daly City, has received the enthusiastic support and assurances of participation from at least a dozen service stations in the city.

The program is being cosponsored by the city and the Daly City Rotary Club November 14 through November 21.

As many as 5,000 cars may be checked over in the eight-day period, according to Dr. George Riba, president of the Rotary Club. And he added:

"The local service stations, auto dealers and garages have offered us almost unanimous support in this project. Every vehicle safety-checked is a potential life saved, particularly as we approach the hazardous holiday driving period."

Daly City Mayor Micheal DeBernardi noted that nearly two out of every three vehicles operating on streets today have not been officially inspected to determine their safe driving condition.

"Even the best drivers haven't even got a 50-50 chance to prevent a serious accident if they are driving cars with bad brakes, worn tires or other defective items, the mayor explained.

The voluntary safety check will be conducted by service stations and other automotive outlets under the sanction of the Daly City police department.

Besides brakes and tires, other items to be checked include: front and rear lights (turn signals, stop lights), steering, exhaust systems, glass, windshield wipers (and windshield washers), rearview mirrors and horns.

Check stations have been established at these locations: Day and Night Transmission Service, Inside Garage, Pete's Chevron Service, Barbata's Automotive Service, Westlake Automotive Service, Ken's Flying A Service, Larry Zimmer Wilshire Service, Broadmoor Richfield Service, Bill's Wilshire Service, Fred's Westlake Shell, Union 76 Service, Westlake Richfield Service and Westlake Union Service.

They're Spearheading Safety Drive

DALY CITY is aiming for the safest-ever holiday driving season with a city-wide Vehicle Safety Check Week November 14-21. Under joint sponsorship of the city and the Daly City Rotary Club, the campaign has its sights set on the voluntary checking of 5,000 vehicles during the eight-day period. Among leaders in Daly City's first-ever voluntary safety check are, left to right, Walter C. Lunsford, Auto Industries Highway Safety Committee; Dr. George Riba, Rotary Club president, and Anchor Neilsen, executive manager of the San Mateo County Safety Council.

Pacifica Man Enters Plea In Shooting

Billy Ray Butler, Pacifica special police officer arrested in connection with the shooting of a Daly City man October 19, pleaded innocent last week to a charge of assault with a deadly weapon.

The charge had been reduced from attempted murder. He was ordered to appear for a hearing at 2 p.m. November 12 in Northern Judicial Municipal Court in South San Francisco.

Butler, 28, who lives at 1428 Flores Drive, Pacifica, had been employed as a special officer for Henry Gross Special Patrol Service.

He was arrested in the shooting of Russell Smith, 44, of 216 Mariposa Avenue, at Smith's home. The victim received a superficial flesh wound.

Investigators said the incident apparently was a case of mistaken identify.

They said Butler had been drinking earlier at a party across the street at the home of Ralph Warren of 253 Mariposa, a Daly City policeman.

Butler had become angered when a guest at the party ordered him to leave and later apparently mistook Smith for the guest, investigators said.

D. C. Youth Breaks Leg

A 17-year-old Daly City youth, broke his left leg early Saturday night when he lost control of his motorscotter and fell while attempting to start the machine.

Norman P. Grossnickle of 538 Skyline Drive was admitted to Letterman General Hospital.

Police said the youth had tried to start the motorscooter by pushing it. When it wouldn't start, he tried to stop it from rolling, lost control and fell, breaking his leg.

THEFT REPORTED

Esther D. Hansen of 169 Parkview Avenue, Daly City, reported to police last week that a metal box containing miscellaneous papers and money had been stolen from her home.

MAIL EARLY DRIVE

A Campaign Is Under Way

Daly City Postmaster Vincent P. Murphy, a man of many postal campaigns, began one this week he considers the most important of all each year.

It's the "mail early for Christmas" campaign and Murphy issued almost a fervent call for Daly City folk to get their presents and greeting cards in the mail early this holiday season.

For, he pointed out, the 1964 Christmas mail volume will almost certainly chalk up a new record and if all mail is going to reach destinations on time, it should be sent on its way early.

Murphy offered a number of tips for his 1964 campaign. Residents, he said, should:

Check over Christmas card and gift lists carefully, ascertaining that addresses are complete with full names, streets and numbers, cities, states and ZIP code numbers.

Stock up soon on sturdy packing materials for gift packages—including heavy wrapping paper, corrugated cartons, strong cord and paper adhesive tape.

Buy postage stamps now. Colorful five-cent Christmas stamps again will be sold this year.

Obtain free labels from post-office branches that read: "All for local delivery" and "all for out-of-town delivery. Greeting cards then should be separated into the two categories and the labels attached.

Be sure full return names and addresses are on all greeting card envelopes and shipping labels. ZIP code numbers should be included.

Murphy said that all Christmas gifts and packages going to overseas points by land or sea should be mailed by next Wednesday. Those for area destinations should be mailed no later than a week before Christmas.

BRIGHT LIGHTS

Disneyland Headliner Harvey Brooks in Town

If you should notice **Betty Sedam**, general manager of the **Caravan Inn** in Mountain View, sipping a mint julep and greeting the patrons with a Southern drawl, the reason is a goodie: The "Inn" has gone Dixie—and I mean all the way!

Betty Sedam

Last Monday night, November 2, **Harvey Brooks** and his **"Young Men From New Orleans"** took over the bandstand for a limited engagement. This is the same aggregation of music makers who entertained at Disneyland on the Mark Twain Riverboat and broke every attendance record known in this land of marvels. Despite the name, the "Young Men" are over 50 years of age. The senior member, **Johnny St. Cyr**, is a high-stepping 71 and started plucking a six-stringed banjo with Mississippi riverboat musical crews back in 1908. The group's invasion of the Caravan Inn musically presents traditionl and Dixie land jazz at its best. Also appearing is Mr. "Cement Mixer" **Slim Gaillard**, recording star and a long-time Bay Area entertainment favorite, who delights patrons in the new Parlour Room with his 88-ing. Midnight supper is served. So be sure ya'll come!

IF YOU HAVE JACK BENNY, Jackie Gleason and Bobby Darin all in your corner, it stands to reason you're good. And that's what **Wayne Newton** is. This young man, already an "old pro" at 22, is opening on **Thursday**, November 5, in the VENETIAN Room of the **Fairmont**—and reservations for his show are already coming in. Wayne Newton was launched on a career that will soon span the nation. He can belt out a song, caress a ballad, and shows complete mastery on the banjo, guitar, trumpet, drums, piano and violin. He has just finished taping a TV show with Jack Benny that has Benny wild with excitement over the young singer's multiple talents . . . Though unplanned, there was a Canadian night at **Finocchio's** in San Francisco. this week. It happened that **J. Tressider**, high executive of the **International Bridge Workers of Toronto**, headed a party of some 20 union leaders on the same night that large groups of members of the **Canada Athletic Association of Montreal and Ottawa** were there to see **Joe Finocchio's** lavish musical revue. The two groups combined to make it one of the liveliest of nights at Finocchio's ever-lively spot.

FRANK MARTINELLI has told his friends and advertised that his **Chalet Steak Pit** in Belmont has served delicious steak dinners for over a year and a half, with the response being mesa, mesa! So what happened? Frank recently opened a new branch in Millbrae **(Martinelli's Steak Pit)** which has had a big turn-over business of satisfied customers since opening night. This brings me to the point: "All steaks are created equal." The same well-balanced dinner is served at both Steak Pits. To avoid a table wait, give the Chalet a little before-the-theater action . . . **Nick Gust's** new **Turtle** restaurant in Pacifica is catching on big. Leisure dining, plus entertainment and dancing Friday and Saturdays . . . Light and dark beer adds cheer to **Me-n-Ed's** pizza. Ten different varieties—with six tasty cheese combinations topping each one. Banquet accommodations for private parties . . . Salad, dessert and beverage are complimentary with all **Ed's Chuck Wagons** dinners. Prime rib is the number one entree request.

Sinaloa High on 'Taco Parade'

San Francisco is known for it's good Mexican food, and **Luz Garcia's Sinaloa** is high on the list of best places to "taco parade." Dinner is served from 6 p.m.; no cover charge for those staying over for the all-Latin revue floor-shows. In fact, there's no cover charge for diners from 6 p.m. to 1 a.m. American dinners are also featured.

Wedding Reception Brentwood Lodge

Attention, sports fans: Saturday, November 7, there's going to be a wedding reception at the **Brentwood Lodge** for **Wally Bunker**, great pitcher for the American League Baltimore Orioles, and his lovely bride. This is by invitation only, but Wally might take time out for autographs if any of his fans are at hand.

One block away from Union Square, **Omar Khayyam's** is "on the way" to and from every social activity in downtown San Francisco. It's also not too many minutes away from the Peninsula acitvities.

Safari Room Inks Glen Miller Package

Tonight's the big one at **Paul Catalana's** San Jose **Safari Room!** The **Glenn Miller Package**, which just concluded a long Nevada run, opens in this plush supper club. This great name, alone, should make you want to be one of the first to make a dinner-show reservation.

Phil Lehr's steakery serves dinner until midnight. This is not the usual restaurant procedure, so take full appetite advantage of it.

Mary Ann Hay, vocalist at Nick's in Pacifica, is planning a recording session — with "Hello, Dolly" and "Bill Baily" scheduled to be waxed.

Surf House Entertainment

Something new in the musical field has been added to the **Surf House:** Popular **Lloyd Fox** entertains at the organ Wednesday through Saturday from 8:30 p.m You'll enjoy cocktails that much more when sipping and chatting in the new "Top-of-the-Surf" cocktail lounge.

Luncheon as well as dinner is served at the **New Tivoli** in North Beach, which was strictly a dinner house for many years. Not open Tuesdays.

Home Made Pies For Take Out

While visiting my good friend **Keith Williamson** at his Burlingame **Chicken and Steak House**, the other noonday, I couldn't help notice a gent who ordered six different kinds of pies to take out. Noticing my amazement, Keith said, "There are many restaurants serving 'home made pies' that are baked right in my oven."

Geroge Burger, George Skaff and chef **Bill Harper** are three main reasons why the Fisherman's Wharf **Franciscan** is the success that it is. A panoramic view, luxurious surroundings, excellent service and wonderful food.

Augie Rosasco, "big game hunter" of **Sil Oliva's Exposition Fish Grotto**, will soon have meat on the table. Understand this time it will be ducks and geese. Nothing I like better than a Christmas goose.

'Bottoms Up'

One of the biggest shows ever seen on SF's Broadway opens next Friday at the **Chi Chi**, the fun-filled song and dance revue, **"Bottoms Up."** This revue premiered in Dallas, Texas and stayed five years! It also did holdover engagements in Las Vegas and Lake Tahoe. **Patti "School Teacher" White** closes Thursday eve at the Chi Chi.

While helping to hang a small exhibit of new paintings, **Enrico Romano**, Pacifica restauranteur and art fancier, noticed that most of the artists had tried to make the job easier by painting arrows on the backs of their paintings, showing which way was up.

Barney's Casino 'Application Blank'

Overheard two gents and lady (the lady evidently being a new comer to the Keno field) at **Bruno Scatena's Joe's of Westlake, who** apparently, had just returned from a **Greyhound Bus** trip to **Barney's Casino** in Lake Tahoe (South Shore), judging from the lady's passing remark:

"Please hand me one of those Barney's application blanks."

This has to be a new name for a Keno ticket!

The serving of hors d'oeuvres between 5:30 p.m. and 8:30 p.m. at **Vince's Italian and Sea Food** restaurant is a nightly event in the cozy Fireplace Cocktail Lounge.

"DENTAL HEALTH FACTS"

X-rays in dentistry properly taken and read (diagnosed) reveal diseased conditions which are a menace to general health of a person. One dangerous condition is one that is sometimes called a "blind abscess." The patient is not aware of the condition because there is no outward sign of trouble. The tooth is not sore, nor the gum inflamed. Sometimes these teeth are filled or crowned and seem to be perfect. In many cases pus constantly forms on the roots and the blood is continually spreading the poison throughout the body. X-rays will show these conditions because the pictures enable a dentist to look right through the flesh, muscles and jaw bones to see what is wrong. Visit your personal dentist for X-ray pictures.

In Northern California Dr. Campbell limits his practice to the making of dental plates, partial plates, removable bridges and extractions for same; however, he recommends that you see your dentist at least twice a year in order to help prolong the use of your natural teeth as even the beautiful modern dentures are not as efficient as healthy, natural teeth.

Sausages With Orange Sauce

A leisurely Sunday breakfast stars spicy sausages with a fresh Florida orange sauce, and an eye-opening Florida grapefruit half topped with a dollop of your favorite jelly — cranberry, currant, guava or perhaps mint.

Did you know that ancient historical documents show sausages are practically five thousand years old? They are the world's first preserved food — sausage-making being the oldest technique known for preserving meat.

In the recipe below, the sausages are boiled in orange juice, then browned and served with a sauce of orange juice and sections, sugar and cinnamon. The sweet orange flavor blends deliciously with the spiciness of the sausages for a luscious breakfast dish everyone will love.

Mmmmmmm — doesn't this sound worth getting up for?

Sausages With Orange Sauce

3 Florida oranges, sectioned
1 cup Florida orange juice, divided
1 pound link sausages
¼ cup sugar
¼ teaspoon cinnamon

To section oranges, cut off peel round and round, spiral fashion, cutting deep enough to remove white membrane. Remove any remaining membrane. Cut along side of each dividing membrane from outside to middle of core. Remove section by section, over bowl to retain juice from fruit. Add additional orange juice if necessary to make 1 cup. Boil sausages in ½ cup of the orange juice in large skillet, covered, 5 minutes. Uncover and cook, turning often, until brown, about 10 minutes. Meanwhile combine remaining ½ cup orange juice, sugar and cinnamon; bring to a boil. Reduce heat; add orange sections and simmer very gently 5 minutes. Drain sausages and arrange on platter with orange sauce in center.

A Pumpkin Pie Announces Fall

Pumpkin pie announces autumn as definitely as do crimson maple leaves, golden rod, and the pungent odor of burning brush.

Grandma's pumpkin pie was always the best—creamy and spicy-good on a cool autumn day. One taste of this new Maple Pecan Pumpkin Pie is sure to refresh your memory of that delicious old-fashioned treat. Thick dark corn syrup gives the spicy pumpkin filling a deep, rich flavor—perfect for fall dessert.

Garnished with pecan halves and topped with maple-flavored whipped cream, Maple Pecan Pumpkin Pie will brighten any dinner menu. And it is surprisingly quick and easy to make with pie crust mix. What's more, with this mix, you make tender flaky pie crusts every time! Try it soon. Here is the recipe for Maple PecanPumpkin Pie.

MAPLE PECAN PUMPKIN PIE

1 stick pie crust mix
3 eggs
1 cup mashed cooked pumpkin
¾ cup dark corn syrup
½ cup sugar
¼ cup melted butter
1 teaspoon cinnamon
½ teaspoon ginger
½ teaspoon nutmeg
¼ teaspoon salt
Pecan halves
Maple Whipped Cream

Heat oven to 425 degrees. Prepare pastry for 9-in. one-crust pie. Beat eggs, pumpkin, corn syrup, sugar, butter, spices, salt thoroughly with rotary beater. Pour into pastry-lined pie pan. Bake 45 to 50 minutes, or until a silver knife inserted 1-inch from side of filling comes out clean. Garnish with pecan halves. Serve topped with Maple Whipped Cream warm or cool.

Maple Whipped Cream: Blend 1 cup chilled whipping cream, 3 tablespoon brown sugar and ⅛-teaspoon maple flavoring. Beat until stiff.

Pork and Macaroni Bake Good

Pasta products (macaroni, spaghetti and noodles) come in a variety of fascinating shapes and sizes. Many bear Italian names and have traditional uses; some are novelties.

Macaroni probably is the best known pasta outside of Italy and is the one least used by Italians. It is the most popular shape in Western America. Perhaps more macaroni is cooked for macaroni and cheese than any other dish, but there are a multitude of other uses equally as good.

The blandness of macaroni makes it a perfect base for seasonings and sauces. Canned tomato sauce, butter and cheese, olive oil and garlic will embellish macaroni.

Tomato sauce is especially good as it adds bright color and flavor. Ground beef or pork, clams and tuna may be added to the sauce for extra heartiness. Marjoram, oregano, thyme parsley and basil are herbs frequently put into tomato sauce for extra "ooomph."

Marcaroni also is used as a starch and extender for casseroles. A casserole combing pork and tomato sauce with cooked macaroni makes an interesting supper feature. Beaten eggs give it firm texture so it can be cut into neat servings rather than spooned out.

PORK AND MACARONI BAKE
(4 to 6 servings)

1 (8-oz.) package macaroni
½ pound lean ground pork
½ cup chopped onion
¼ cup chopped green pepper
2 (8-oz.) cans tomato sauce
3 eggs, beaten
½ cup grated carrot
2 tablespoons flour
½ teaspoon salt

Cook Macaroni according to package directions; drain well. Fate pork, onion and green pepper until browned. Combine macaroni, meat mixture and remaining ingredients. Turn into greased 2-quart casserole. Bake at 350 degrees for 30 minutes, until bubbly and browned.

This Easy Entree Made With Fish

Entree ease—made to please—is the idea behind this culinary classic. Home economists of the U. S. Department of the Interior's Bureau of Commercial fisheries have developed Haddock Lyonnaise with the busy homemaker in mind.

This is a dish that's economical, easy to prepare, and has what it takes to be a hit at your dinner table. Make Haddock Lyonnaise your mealtime command attraction soon and you'll be the "hostess of the hour" at your house.

LYONNAISE HADDOCK

2 pounds haddock fillets or other fish fillets, fresh or frozen
4 cups thinly sliced onion
¼ cup butter or margarine, melted
2 tablespoons lemon juice
1 teaspoons lemon juice
1 teaspoon salt
⅛ tespoon pepper
2 tablespoons chopped parsley
1 teaspoon crushed dill weed

Thaw frozen fillets. Skin fillets and cut into serving-size portions. Cook onion in butter until lightly browned. Place 1-3 of onion on bottom of a well-greased baking dish, 12 x 8 x 2 inches. Arrange fish over onion. Sprinkle with lemon juice, salt, and pepper. Add parsley and dill weed to remaining onion; spread over fish. Bake in a moderate oven, 350 degrees F., for 30 to 40 minutes or until fish flakes easily when tested with a fork. Serves 6.

Fast-Action Times and Post Classified Ads Go Directly to People Who Solve Problems for You

Classified Ads aren't very fancy and they're inexpensive—but they sure get things done. There's just no better way to get a job, rent a room, find a child's pet, sell a car, or tell someone to "Please come home" than through a far-reaching little Classified Ad... Classified Ads put people in touch with people, and by doing that, they fill needs... They solve problems.
